

(d) If the first handler complies with the requirements of paragraph (a) of this section, the Board will grant an assessment exemption and shall issue a Certificate of Exemption to the first handler. For exemption requests received on or before August 15, 2005, the Board will have 60 days to approve the exemption request; after August 15, 2005, the Board will have 30 days to approve the exemption request. If the application is disapproved, the Board will notify the applicant of the reason(s) for disapproval within the same time-frame.

(e) An importer who imports only products that are eligible to be labeled as 100 percent organic under the NOP (7 CFR part 205) and who is not a split operation shall be exempt from the payment of assessments. That importer may submit documentation to the Board and request an exemption from assessment on 100 percent organic mangos—on a form provided by the Board—at any time initially and annually thereafter on or before the beginning of the fiscal period as long as the importer continues to be eligible for the exemption. This documentation shall include the same information required of first handlers in paragraph (c). If the importer complies with the requirements of this section, the Board will grant the exemption and issue a Certificate of Exemption to the importer within the applicable timeframe. The Board will also issue the importer a 9-digit alphanumeric Harmonized Tariff Schedule (HTS) classification valid for 1 year from the date of issue. This HTS classification should be entered by the importer on the Customs entry documentation. Any line item entry of 100 percent organic mangos bearing this HTS classification assigned by the Board will not be subject to assessments.

(f) The exemption will apply immediately following the issuance of the certificate of exemption.

NATIONAL POTATO PROMOTION BOARD

§ 1207.320 **Establishment and membership.**

(a) There is hereby established a National Potato Promotion Board, hereinafter called the "Board", composed of producers, importers, and a public member appointed by the Secretary. Producer members shall be appointed from nominations submitted by producers in the various States or groups of States pursuant to § 1207.322. Importer members shall be appointed from nominations submitted by importers pursuant to § 1207.322. The public member shall be nominated by Board members in such manner as recommended by the Board and approved by the Secretary, and shall be appointed by the Secretary.

(b) Producer membership upon the Board shall be determined on the basis of the potato production reported in the latest Crop Production Annual Summary Report issued by the Crop Reporting Board, U.S. Department of Agriculture. Unless the Secretary, upon recommendation of the Board, determines an alternate basis, for each five million hundredweight of such production, or major fraction thereof, produced within each State, such State shall be entitled to one member. However, each State shall initially be entitled to at least one member.

(c) The number of importer member positions on the Board shall be based on the hundredweights of potatoes, potato products equivalent to fresh potatoes, and seed potatoes imported into the United States but shall not exceed five importer members. Unless the Secretary, upon recommendation of the

7 CFR Ch. XI (1-1-11 Edition)

Board, determines an alternate basis, there shall be one importer member position for each 5 million hundredweight, or major fraction thereof, of potatoes, potato product equivalents, and seed potatoes imported into the United States.

(d) Any State in which the potato producers fail to respond to an officially called nomination meeting may be combined with an adjacent State for the purpose of representation on the Board, in which case the Board's producer member selected by the Secretary will represent both States, but such member's voting power under § 1207.325 shall not be increased.

(e) The Secretary, upon recommendation of the Board, may establish, through rule making procedure, districts or groups of States in order to change the representation requirements for membership on the Board. In such event the voting power of members under § 1207.325 would be based upon the total production within the new district or group of States.

(f) Should the Board fail to nominate a public member, the Secretary may appoint such member.

[37 FR 5008, Mar. 9, 1972, as amended at 49 FR 20806, May 17, 1984; 49 FR 31390, Aug. 7, 1984; 56 FR 40229, Aug. 14, 1991]

§ 1207.321 **Term of office.**

(a) The term of office of Board members shall be 3 years, beginning July 1, or such other beginning date as may be approved pursuant to regulations.

(b) The terms of office of the Board's producer members shall be so determined that approximately one-third of the terms will expire each year. Importer and public member terms shall run concurrently. All members serving on the Board on the effective date of this amendment to the Plan shall continue serving the term to which they were appointed.

(c) Board members shall serve during the term of office for which they are selected and have qualified, and until their successors are selected and have qualified.

(d) No member shall serve for more than two full successive terms of office.

[37 FR 5008, Mar. 9, 1972, as amended at 56 FR 40229, Aug. 14, 1991]

§ 1207.322 Nominations and appointment.

The Secretary shall select the producer, importer, and public members of the Board from nominations which may be made in the following manner.

(a) A meeting or meetings of producers shall be held in each State to nominate producer members for the Board. For nominations to the initial Board the meetings shall be announced by the U.S. Department of Agriculture. The Department may call upon other organizations to assist in conducting the meetings such as State and national organizations of potato producers. Such nomination meetings shall be held not later than 60 days after the issuance of this subpart. Any organization designated to hold such nomination meetings shall give adequate notice of such meetings to the potato producers affected; also to the Secretary so that a representative of the Secretary, if available, may conduct such meetings or act as secretary of such nomination meetings.

(b) After the establishment of the initial Board, the nominations for subsequent Board producer members shall be made by producers at meetings in the producing sections or States. The Board shall hold such meetings, or cause them to be held, in accordance with rules established pursuant to recommendation of the Board.

(c) Only producers may participate in designating producer nominees. Each producer is entitled to one vote only on behalf of himself, his partners, agents, subsidiaries, affiliates, and representatives for each position for which nominations are being held. If a producer is engaged in producing potatoes in more than one State, he shall elect the State in which he shall vote. In no event shall he vote in nominations in more than one meeting.

(d) The importer members shall be nominated by importers of potatoes, potato products and/or seed potatoes. The number of importer members on the Board shall be announced by the Secretary and shall not exceed five members. The Board may call upon organizations of potato, potato products and/or seed potato importers to assist in nominating importers for membership on the Board. If such organiza-

tions fail to submit nominees or are determined by the Board to not adequately represent importers, then the Board may conduct meetings of importers to nominate eligible importers for Board member positions. In determining if importer organizations adequately represent importers, the Board shall consider:

(1) How many importers belong to the association;

(2) What percentage of the total number of importers is represented by the association;

(3) Is the association representative of the potato, potato product, and seed potato import industry;

(4) Does the association speak for potato, potato product, and seed potato importers; and

(5) Other relevant information as may be warranted.

(e) The public member shall be nominated by the producer and importer members of the Board. The public member shall have no direct financial interest in the commercial production or marketing of potatoes except as a consumer and shall not be a director, stockholder, officer or employee of any firm so engaged. The Board shall prescribe such additional qualifications, administrative rules and procedures for selection and voting for each candidate as it deems necessary and the Secretary approves.

[37 FR 5008, Mar. 9, 1972, as amended at 49 FR 20806, May 17, 1984; 56 FR 40229, Aug. 14, 1991]

§ 1207.325

the event of the death, removal, resignation, or disqualification of any member, a successor shall be nominated and selected in the manner specified in § 1207.322. In the event of failure to provide nominees for such vacancies, the Secretary may select other eligible persons.

§ 1207.325 Procedure.

(a) Each State (or district or group of States established pursuant to § 1207.320) which has a member on the Board shall be entitled to not less than one vote for any production up to 1 million hundredweight, plus one additional vote for each additional 1 million hundredweight of production, or major fraction thereof, as determined by the latest crop production annual summary report issued by the Crop Reporting Board, U.S. Department of Agriculture. The casting of the votes for each State shall be determined by the members of the Board from that State.

(b) A majority of the Board members shall constitute a quorum and any action of the Board shall require a majority of concurring votes of those present and voting. At assembled meetings all votes shall be cast in person or by duly authorized proxy.

(c) For routine and noncontroversial matters which do not require deliberation and the exchange of views, and for matters of an emergency nature when there is not enough time to call an assembled meeting, the Board may act upon a majority of concurring votes of its members cast by mail, telegraph, or telephone. Any vote cast by telephone shall be confirmed promptly in writing.

(b) The Secretary may conduct a referendum at any time, and shall hold a referendum on request of the Board or of 10 percent or more of the potato producers and importers to determine whether potato producers and importers favor termination or suspension of this plan. The Secretary shall suspend or terminate such plan at the end of the marketing year whenever the Secretary determines that its suspension or termination is favored by a majority of the potato producers and importers voting in such referendum who, during a representative period determined by the Secretary, have been engaged in the production or importation of potatoes or potato products, and who produced or imported more than 50 per-

cent of the volume of the potatoes or potato products produced or imported by the producers and importers voting in the referendum.

If it is found impractical to return such remaining funds to producers and importers, such funds shall be disposed of in such manner as the Secretary may determine to be appropriate.

§ 1207.511 Determination of assessable quantity.

The assessable quantity of potatoes in any lot shall be determined on the basis of utilization. Assessments shall be due on the entire lot handled for human consumption, seed, or unspecified purposes if there is no accounting made on the basis of the utilization of such lot. However, if the accounting identifies all or portions of such lot on the basis of utilization, assessments

shall be due only on that portion utilized for human consumption and seed.

§ 1207.512 Designated handler.

The assessment on each lot of potatoes produced in the 50 States of the United States and handled shall be paid by the designated handler as hereafter set forth.

(a) Unless otherwise provided in paragraphs (a)(8), (b), and (c) of this section, the designated handler shall be the first handler of such potatoes. The first handler is the person who initially performs a handler function as heretofore defined. Such person may be a fresh shipper, processor, or other person who first places the potatoes in the channels of commerce. A producer who grades, packs, or otherwise performs handler functions thereby becomes a handler and as such assumes first handler responsibilities under this part. The following examples are provided to aid in identification of first handlers who are designated handlers:

(1) Producer delivers field-run potatoes of his own production to a handler for preparation for market. The handler in this instance is the designated handler, regardless of whether he subsequently handles such potatoes for his own account or for the account of the producer.

(2) Producer delivers field-run potatoes of his own production to a handler who takes title to such potatoes and places them in storage for subsequent handling. The handler who purchases such potatoes from the producer is the designated handler.

(3) Producer delivers field-run potatoes to a commercial storage facility for the purpose of holding such potatoes under his own account for later sale. There is no designated handler in this instance since such potatoes have not been handled as heretofore defined and no assessment is due. The designated handler of such potatoes would be identified on the basis of subsequent handling of such potatoes.

(4) Fresh shipper purchases a lot of potatoes from a producer, packs a portion of such potatoes for fresh market, and delivers the balance to a processor. The fresh shipper is the designated handler for all potatoes in the lot.

(5) Handler purchases potatoes from a producer's field or storage for the purpose of preparing such potatoes for market or for transporting such potatoes to storage for subsequent handling. The handler who purchases such potatoes from the producer is the designated handler.

(6) Producer packs and sells potatoes of his own production from the field, roadside stand, or storage to a consumer, itinerant trucker, or other buyer. In performing such handler functions the producer assumes the responsibility of designated handler.

(7) Processor utilizes potatoes of his own production in the manufacture of potato chips, frozen, dehydrated, or canned products for human consumption. In so handling potatoes, the processor assumes the responsibility of designated handler.

(8) Producer utilizes potatoes of his own production for seed in planting his subsequent crop. Such seed potatoes do not enter the current of commerce; there is no designated handler in this instance since the potatoes have not been handled as heretofore defined and no assessment is due. However, seed potatoes sold or shipped to other producers for planting or to other persons for subsequent disposition enter the current of commerce and are subject to assessment. The producer of seed potatoes shall be the designated handler of such potatoes shipped to other producers for planting and the assessment is due when he first sells or otherwise handles such potatoes. The first person who acquires seed potatoes from the producer thereof for subsequent disposition other than planting by said person shall be the designated handler of such potatoes. However, the seed producer will be the designated handler responsible for filing reports and making payments, unless he can show that the first person who obtained the potatoes from him disposed of them other than by planting. To show this the seed producer must submit to the Potato Board the name and address of the first person who obtained the potatoes from him and an invoice of sale or settlement sheet on which it is indicated that such person will be the designated

§ 1207.513

7 CFR Ch. XI (1-1-11 Edition)

handler and therefore will be responsible for the payment of the assessments. Only by showing this is the seed producer no longer considered the designated handler and therefore not liable for the assessments.

(b) Any person who handles potatoes for a producer thereof under oral or written contract or agreement providing for the sale thereof shall be the designated handler for such potatoes, notwithstanding the fact that the producer may have graded, packed, or otherwise handled such potatoes and thereby became the first handler of such potatoes.

Examples. A cooperative marketing association, or other person, who makes an accounting to the producer, or pay the proceeds of the sale to the producer would be the designated handler responsible for the assessment.

(c) Any processor who purchases potatoes from the producer thereof shall be the designated handler even though the producer may have graded, packed, or otherwise handled such potatoes and thereby became the first handler of such potatoes.

[37 FR 17379, Aug. 26, 1972, as amended by Amdt. 4, 40 FR 7893, Feb. 24, 1975; Amdt. 7, 43 FR 9133, Mar. 6, 1978; Amdt. 8, 43 FR 51001, Nov. 2, 1978; 56 FR 40231, Aug. 14, 1991]

§ 1207.513 Payment of assessments.

(a) *Time of payment.* The assessment on domestically produced potatoes shall become due at the time a determination of assessable potatoes is made in the normal handling process, pursuant to §1207.511. If no determination is made of the utilization of a lot, assessments shall be due on the entire lot when it enters the current of commerce. The assessment on imported potatoes, potato products, and seed potatoes shall become due at the time of entry, or withdrawal, for consumption into the United States.

(b) *Responsibility for payment.* (1) The designated handler is responsible for payment of the assessment on domestically produced potatoes. He may pay with no reimbursement from the producer. In the alternative, he may collect the assessment from the producer, or deduct such assessment from the proceeds paid to the producer on whose potatoes the assessment is made, pro-

vided he furnishes the producer with evidence of such payment. Any such collection or deduction of assessment shall be made not later than the time when the assessment becomes payable by the handler to the Board. Failure of the handler to collect or deduct such assessment does not relieve the handler of his obligation to remit the assessment to the Board.

(2) The Customs Service shall collect payment of assessment on imported potatoes, potato products, and seed potatoes from importers and forward such assessment per agreement between the Customs Service and the U.S. Department of Agriculture. Importers shall be responsible for payment of assessment directly to the Board of any assessment due but not collected by the Customs Service at the time of entry, or withdrawal, for consumption into the United States. An importer may apply to the Board for reimbursement of assessments paid on exempted products.

(c) *Payment directly to the Board.* (1) Except as provided in paragraphs (b) and (d) of this section, each designated handler or importer shall remit assessments directly to the Board by check, draft, or money order payable to the National Potato Promotion Board, or NPPB, not later than 10 days after the end of the month such assessment is due together with a report (preferably on Board forms) thereon.

(2) All designated handlers, including a designated handler whose own production is handled and assessments to the Board paid by another designated handler, shall report to the Board:

(i) Date of report (which is also date of payment to the Board).

(ii) The name and address of the designated handler;

(iii) The period potatoes were handled;

(iv) The total quantity of potatoes determined to be assessable during the period potatoes were handled, pursuant to §1207.511.

(3) Designated handlers who collect assessments from producers or withhold assessments from their accounts or pay the assessment themselves shall also include a list of all such producers whose potatoes were handled during the period, their addresses and the

Agricultural Marketing Service, USDA

§ 1207.514

total assessable quantities handled for each such producer.

(i) In lieu of such a list, the designated handler may substitute authentic copies of settlement sheets given to each producer provided such settlement sheets contain all the information listed above.

(ii) The words "final report" shall be shown on the last report at the close of his marketing season or at the end of each fiscal period if such handler markets potatoes on a year-round basis.

(4) Prepayment of assessment: (i) In lieu of the monthly assessment and reporting requirements of paragraph (b) of this section, the Board may permit designated handlers to make advance payments of their total estimated assessments for the season to the Board prior to their actual determination of assessable potatoes. Such procedure may be permitted when it is considered by the designated handler to be the more practical method of payment.

(ii) Persons using such procedure shall provide a final annual accounting of actual handling and assessments.

(iii) Specific requirements, instructions, and forms for making such advance payments shall be provided by the Board upon request.

(d) *Payment through cooperating agency.* The Board may authorize other organizations to collect assessments in its behalf. In any State or area in which the Board has negotiated an agreement to collect assessments with an agency such as a State Potato Commission or a Potato Association approved by the Secretary, the designated handler shall pay the assessment to such agency in the time and manner, and with such identifying information as specified in such agreement. Such an agreement shall not provide any cooperating agency with authority to collect confidential information from handlers; to qualify, the cooperating agency must on its own accord have access to all information required by the Board for collection purposes. If the Board requires further evidence of payment than provided, it may acquire such evidence from individual designated handlers.

(1) All such agreements are subject to the requirement of §1207.352 *Confidential treatment*, of the plan, the provi-

sions of section 310(c) of the Act, and all applicable rules and regulations and financial safeguards in effect under the Act and the plan; and all affected persons shall agree to, and conduct their operations and activities in accordance with, such requirements.

(2) [Reserved]

§ 1207.514 Exemption for organic potatoes.

(a) A producer who operates under an approved National Organic Program (NOP) (7 CFR part 205) system plan; produces only products that are eligible to be labeled as 100 percent organic under the NOP, except as provided for in paragraph (h) of this section; and is not a split operation shall be exempt from the payment of assessments.

(b) To apply for an exemption under this section, the producer shall submit a request for exemption to the Board—on a form provided by the Board—at any time initially and annually thereafter on or before July 1 as long as the producer continues to be eligible for the exemption.

(c) The request shall include the following: The producer's name and address, a copy of the organic farm or organic handling operation certificate provided by a USDA-accredited certifying agent as defined in section 2103 of the Organic Foods Production Act of 1990 (7 U.S.C. 6502), a signed certification that the applicant meets all of the requirements specified in paragraph (a) of this section for an assessment exemption, and such other information as may be required by the Board and with the approval of the Secretary.

(d) If the producer complies with the requirements of this section, the Board will grant the exemption and issue a Certificate of Exemption to the producer. For exemption requests received on or before August 15, 2005, the Board will have 60 days to approve the exemption request; after August 15, 2005, the Board will have 30 days to approve the exemption request. If the application is disapproved, the Board will notify the applicant of the reason(s) for disapproval within the same timeframe.

§ 1207.515

(e) The producer shall provide a copy of the Certificate of Exemption to each handler to whom the producer sells potatoes. The handler shall maintain records showing the exempt producer's name and address and the exemption number assigned by the Board.

(f) An importer who imports only products that are eligible to be labeled as 100 percent organic under the NOP (7 CFR part 205) and who is not a split operation shall be exempt from the payment of assessments. That importer may submit documentation to the Board and request an exemption from assessment on 100 percent organic potatoes, potato products, and seed potatoes—on a form provided by the Board—at any time initially and annually thereafter on or before July 1 as long as the importer continues to be eligible for the exemption. This documentation shall include the same information required of producers in paragraph (c) of this section. If the importer complies with the requirements of this section, the Board will grant the exemption and issue a Certificate of Exemption to the importer. The Board will also issue the importer a 9-digit alphanumeric Harmonized Tariff Schedule (HTS) classification valid for 1 year from the date of issue. This HTS classification should be entered by the importer on the Customs entry documentation. Any line item entry of 100 percent organic potatoes, potato products, and seed potatoes bearing this HTS classification assigned by the Board will not be subject to assessments.

(g) The exemption will apply immediately following the issuance of the Certificate of Exemption.

(h) Agricultural commodities produced and marketed under an organic system plan, as described in 7 CFR 205.201, but not sold, labeled, or represented as organic, shall not disqualify a producer from exemption under this section, except that producers who produce both organic and non-organic agricultural commodities as a result of split operations shall not qualify for exemption. Reasons for conventional sales include lack of demand for organic products, isolated use of antibiotics for humane purposes, chemical or pesticide use as the result of

7 CFR Ch. XI (1–1–11 Edition)

State or emergency spray programs, and crops from a buffer area as described in 7 CFR part 205, provided all other criteria are met.
